By Train: JR Hoho-line

Get off the train at Tateno Station. Transfer to the Minamiaso-Tetsudo Line. Get off the train at Nakamatsu Station. Take a taxi: (about 10 min. from the station).

General Information

Location: Kumamoto prefecture is located roughly in the center of Kyushu island, in the southern part of Japan, about 570 miles southwest of Tokyo. Kumamoto is known for its world famous active volcano, Mt.Aso, where you can see many kinds of scenery such as rocky mountains, meadows, and primeval forests. It is the only active volcano in Japan where tourists have access to the summit, and can look down into the mouth of the volcano.

Climate: May in Aso is cool with an average temperature of 15°C. It is chilly in the morning and the evening. The conference hall and hotels are all air-conditioned.

Language: All presentations and discussions will be basically conducted in English. No translation facilities will be available.

Attire: Conference attire will be informal.

Sponsor: This conference is held as an act of public service by The Chemo-Sero-Therapeutic Research Institute (KAKETSUKEN).
